

## EUROVELO AND CYCLE TOURISM CONFERENCE 2018

LIMBURG BELGIUM, 26 - 28 SEPTEMBER  
EXPERIENCE THE UNIQUE

## Bart Jansen

Mr. Bart Jansen graduated as a civil engineer at the Catholic University of Leuven - campus De Nayer. After this, he did a master-after-master study in industrial management, with a specialization in transportation and logistics.

Bart Jansen has gained professional experience over the past 9 years as project engineer and/or project manager in urban infrastructure projects, both in the design and implementation phases. Having built up a very broad knowledge, Bart is able to manage the design of urban infrastructure projects from beginning to end. He functions as contact person for the clients and leads the design team.

Bart is a bike-enthusiast. He daily travels to work by bike and frequently rides his race bike. Bart had the opportunity to use this interest also professionally by being project manager of two challenging cycling infrastructure projects: 'Fietsen Door De Heide, Maasmechelen' and 'Cycle Highway F44, Dendermonde'. These projects are still running at the moment.

Bart will give a presentation titled *"The Cycle Highway Accelerator"* in parallel session B - Cycle Highways and Cycle Tourism - Is there a Synergy? (11:15-12:45).
