EXPERIENCE THE UNIQUE

Johan Vanswijghoven

Johan Vanswijghoven, from Limburg, is project manager at Click & Bike. As a young start-up, Click & Bike wants to develop smart solutions for electric bicycles. Their first solution started in 2015, the Kingo SmartBike, combines an e-bike, tablet and mobile app. This all-in-one approach offers tourists the opportunity to comfortably discover a touristic area by bike, without preparation.

Now, Kingo offers two models that only differ in their display, available in the so-called KINGO SmartBike Stations – in Belgium, The Netherlands and Luxembourg.

Johan will give a presentation titled *“E and Smart Bikes for Tourists”* in parallel session A - Blazing a Trail: Innovation in Cycle Tourism (11:15-12:45).
