

**EUROVELO AND CYCLE TOURISM
CONFERENCE 2018**
LIMBURG BELGIUM, 26 - 28 SEPTEMBER
EXPERIENCE THE UNIQUE

Miklós Berencsi

Miklós graduated at the Budapest University of Technology as a civil engineer and at the University of Florida as a transportation engineer. He has been working in the Hungarian transport administration for more than 10 years in different fields and levels including road network development, road operation and maintenance, inland navigation and sustainable transport. From 2013 he has been working solely on cycling issues. Since 2016 he has been head of the Cycling Coordination Department in the Ministry of Innovation and Technology. In 2015 he worked on cycling and sustainable transport issues at the Department of Transport, Tourism and Sport in Ireland as a fellow. He is participating in THE PEP project and also worked in the preparation of the EU Cycling Strategy as an expert. He is the father of 3

children, a passionate mountain bike, road and gravel cyclist and a triathlete. He is working as a volunteer for a local bikeschool, organizing competitions and summer camps for kids.

Miklós will give a presentation titled “EuroVelo 14: Development Process in Hungary” in parallel session D - Developing Experiences: the Future of Cycle Tourism Products (14:15-15:45).
