

EUROVELO AND CYCLE TOURISM CONFERENCE 2018

LIMBURG BELGIUM, 26 - 28 SEPTEMBER
EXPERIENCE THE UNIQUE

Will Haynes

Will Haynes is a Chartered Civil Engineer with over 20 years post graduate experience of the design and construction of infrastructure projects both in the UK and overseas. His experience has been gained primarily in the highway sector and ranges from provision for cyclists to major trunk road and motorway improvement schemes. His experience covers the options, development and construction phases of schemes. Much of this experience has been gained from working as part of large multi-disciplinary teams and with a wide range of project stakeholders.

As Infrastructure Director at Sustrans Will is responsible for providing strategic direction and professional leadership to all aspects of Sustrans infrastructure and estates management work, this includes developing technical guidance and facilitating the sharing of best practice across the organisation for both the design of new cycling infrastructure and the maintenance of existing routes. He is involved in the management of the UK's National Cycle Network (NCN), which comprises over 25,000 km of route across the length and breadth of the UK.

Sustrans is the charity making it easier for people to walk and cycle. We connect people and places, create liveable neighbourhoods, transform the school run and deliver a happier, healthier commute. Join us on our journey. www.sustrans.org.uk

Will will give a presentation titled *“Cycle Tourism: Developing the UK National Cycle Network”* in parallel session D - Developing Experiences: the Future of Cycle Tourism Products (14:15-15:45).
